ISO 9001 QUALITY CERTIFICATE

The focus on customer care and propension to quality has led our company to operate according to the certification ISO 9011 norm.

The certifying agency is also synonymous of high-quality standard.

SERVICE, BESIDES THE PRODUCT

Our company believes that service is an essential part of the product, so, together with qualitative material, our customers can expect services as:

- control, performed by modern tools as quantometer, equipment for US-Test,
- cuts to fixed lengths with our sawing machines with cutting capacity till Ø 1000 mm.

EUROSIDERSCALO

SPECIAL STEELS

THE COMPANY

EUROSIDERSCALO s.r.l. was established in 1987, after 40 years of experience in the iron and steel industry.

Our company is specialized in trading hot rolled bars, forged and peeled bars in special and carbon steels.

High quality level, technical knowledge, solidity and innovation are the main skills of a reliable company strongly oriented to the customer care, operating all over Italy and Europe.

COMMUNICATION

Daily dialogue with customers, suppliers and the entire steel world is an important part of the customer-experience, that we keep updated with our information channels.

THE WEBSITE

The EUROSIDERSCALO s.r.l. website is constantly updated and provides complete and detailed information and services.

THE NEWSLETTER

Every week we will inform you about the main news from the steel world.
